## **#J70/73/74 REAR TUFF DUCK SLIP COVERS**

**Part: #309-7010-R, #309-7020-R and #309-7030-R**  
**Fits: 11/84-1/90 BJ70, B/FJ73 and B/FJ74**

### **PLEASE READ INSTRUCTIONS BEFORE INSTALLATION**

Warm up slip covers in the sun till they are soft and warm before installation. Or you can put slip cover inside pillow case and put in clothes dryer for a few minutes. Be careful to close slip cover so the slip covers do not come in contact with the dryer drum, other wise you will melt the backing on this slip cover.

### **INSTALLATION PROCEDURES**

- STEP 1.** Remove the headrests (not all BJ70 models come equipped with headrests)
- STEP 2.** Position the cover over the backrest, folding the flap on the bottom around the underside. Be sure the holes for the headrest and the cutouts for the side latches are properly aligned.
- STEP 3.** Securely mate the hook and loop strip on the side and back of the backrest.
- STEP 4.** Position the cover over the bottom cushion. Pull the side pieces back and securely mate each hook strip with the corresponding loop strip. Pull the two long straps under the cushion and securely mate them to corresponding loop strips on the back flap.
- STEP 5.** If you have the optional rear headrests, and have purchased the headrest covers, fit the new headrests covers over the headrests and reinstall.

After a few days of normal use, the covers will conform to the contour of your seats.

### **CARE INSTRUCTIONS**

Cold water wash, line dry. May be dry cleaned, no Trichlorethylene.

NOTE: if covers are left in direct sunlight for extended periods of time covers will tend to fade.
